ICMDA 2020 focus on fundamental research and application areas in the field of the design and application of engineering materials, predominantly within the context of mechanical engineering applications such as automobile, railway, marine, aerospace, biomedical, pressure vessel technology, turbine technology, etc. This includes a wide range of materials engineering and technology, including metals, e.g., lightweight metallic materials, polymers, composites, and ceramics. Advanced applications would include manufacturing in the new or newer materials, testing methods, multi-scale experimental and computational aspects (e.g. micro- and nano-scale techniques).

ICMDA 2020

April 10-13, 2020

2020 3rd International Conference on Materials
Design and Applications Chiba University, Tokyo, Japan

Important date

Submission Deadline
November 20, 2019

Notification Due
December 10, 2019

Registration Deadline
December 30, 2019

Publication

All submissions will be peer reviewed by 2-3 reviewers. The registered and presented papers will be published into Materials Science Forum (ISSN print 0255-5476 / ISSN web 1662- 9752), which is indexed by **Ei Compendex, Scopus**.

History

ICMDA 2019: Materials Science Forum

ICMDA 2018: Vol. 937, Materials Science Forum-Online
Linkage | Indexed by **Ei Compendex & Scopus**
